Display Fields

PERSON NAME

The client's name (first and last) is displayed.

CLIENT ID

The seven-digit number assigned to the person by TEAMS is displayed. Each individual stored in the TEAMS database has a unique ID number.

MT-TANF MOS USED

This field displays the *current* MT TANF timeclock count (case total) for the case number entered on SYSE (regardless of the benefit month being viewed).

CASE NUMBER

The TEAMS case number is displayed.

EXT BEN RSN SPAN (START)

The start date of the Extended Benefit Reason code (from TAEB – TANF Extended Benefits screen) is displayed.

EXT BEN RSN SPAN (END)

The end date of the Extended Benefit Reason code (from TAEB – TANF Extended Benefits screen) is displayed.

RSN CODE

The Extended Benefits Reason Code (from TAEB – TANF Extended Benefits screen) for the associated Extended Benefits Reason Span is displayed.

Navigation Fields and Fkeys

F2	The F2 key returns to the last TEAMS *menu* that was accessed.
F3	The F3 key returns to the SYSE (System Selection) menu.
F5	The F5 key returns to the EXBC (Extended Benefits Case Summary) screen.
F6	The F6 key returns to page 1 of this screen.
F7	The F7 key pages up (back) on this screen.
F8	The F8 key pages down (forward) on this screen.
F10	The F10 key accesses the CANO (Case Notes) screen.
